To whom it may concern:

RE: C & S Construction & Consulting, Inc.  
City of Hapeville Doug Davis Drive and Virginia Avenue Streetscape Enhancement  
TEE-0008-00 (137), P.I. No. 0008137

I was the Landscape Architect of record for the above mentioned project. C & S Construction & Consulting, Inc. as represented by Mr. Cornelia Spence, CEO/President was the bonded prime contractor for said streetscape enhancement project.

This project was completed to my satisfaction and is functioning very well to this date. Mr. Spence was hands-on, and was very reasonable to work with when engaging in unforeseen circumstances as they arose during the course of construction.

I have every confidence that Mr. Spence is capable and well-suited to complete similar projects on time and on budget.

Sincerely,

William G. Wise, Jr.
